DEVELOPMENT BRANCH.

SIR,

I have the honour to inform you that on account of the complete failure of rains this year, the water level in the Kukkarahalli-tank went very low. Emergency pumping set has been installed and has commenced work from 8th February 1939.

The work of laying the pipe-line to draw un-filtered Cauvery water has been taken up by the P.W.D. and they have completed about half-a-mile of pipe-line. The work is in progress.

I have the honour to be,

SIR,

Dtd. 1881

I have the honour to invite reference to Government Order No.D. 3886-89/S.O.F.-66-36-7 dated 3rd November 1938 sanctioning the scheme of water supply by running a pipe line for obtaining unfiltered Cauvery water at an estimated cost of Rs.14,273/- and to state that this expense being of a Capital nature has to be met from Capital grant. As no provision has been made for Capital expenditure in the current year's Budget under Sandalwood Oil Factory I request that sanction of required grant may kindly be obtained early. In the meantime the Bureau of Sanitary Engineering Department of Health has been addressed to take up the work immediately.

I have the honour to be,
S i r,
Your most obedient servant,

Director.

Sanction has been accorded for incurring an expenditure of Rs. 14273/- for running the pipe line. The Secy has to be communicated re addl. grants to the extent of Rs. 14273/- under Capital expenditure.

Sir,

Ref. - Your letter No.D.8128 dated, Bangalore, 14th March 1939.

Subject - Supply of unfiltered Cauvery water to the Sandalwood Oil Factory.

I have the honour to inform you that I discussed with the President, Mysore City Municipal Council, various points raised by him in his letter to the Superintendent, Vanivilas Water Works. After taking into consideration every aspect of the question, it was decided that in the best interests of Sandalwood Oil Factory and also in the interests of economy the following system should be adopted.

1. The Sandalwood Oil Factory will continue to receive the water from the Kukkarahalli Tank as at present.

2. Whenever the supplies are meagre from the tank or whenever the supply fails, we should draw the water from the new pipe line. When this is done, the Sandalwood Oil Factory will have to pay the same rates to the Municipality as the Mysore Railways are now doing. That is, at the rate of Re.1/- per thousand gallons.

3. The present estimates for laying the pipe line provide for a meter to measure the quantity of unfiltered Cauvery water drawn by the Sandalwood oil Factory. Therefore, there will be no difficulty for the Municipality to know the exact quantity of water for which the Factory will have to pay.

4. If the Mysore City Municipality would like to put up a branch line to the new connection now given to the Kukkarahalli Tank, the Sandalwood Oil Factory will permit it. The necessity for this branch line is to supply water to the Dhobi Ghat below the Kukkarahalli tank, if and when necessary.

P.T.O.

5. Onee a month or so, the new pipe line will be tested so as to be sure that the unfiltered Cauvery water can flow into the premises of the Sandalwood Oil Factory freely and uninterruptedly. Whenever such tests are made, the quantity of water actually drawn and measured will be billed by the Municipality and paid for by the Sandalwood Oil Factory.

Dir. S.O.F. stating that the Comptr. has reported that 1347.97 yen has been actually paid towards expenditure on Mr. Shankar's illness and that yen. 33.20 paid in excess by Mr. Shankar is recoverable from him.

b Subs for perusal with refce. to para 3 above. The report is not clear. It is stated that the Comptroller has pointed out that a sum of yen. 1347.97 has been actually paid towards expenditure on Mr. Sankar's illness and that only yen. 33.20 paid in excess by Mr. Sankar is recoverable from him. It is not known how 1347.97 yen were paid by the Compr while Govt. had ordered payment of 1580 yen only. The Comptroller may perhaps be consulted on Secretary's orders, with refces.

No amount was paid by the Comptroller on account of Medical bills of Mr. B. Shankar, The payments were made by Mr. Shankar himself out of the amounts placed at his disposal for Japan Office expenses. Vide his letter dated 18-6-35 in the file. The actual expenditure incurred on account of his illness works up to Yens 1347.97. Yen 33.20 represents errors in striking the balances in the bill dated 22-12-34 of St.Luke's Hospital (Vide page 10 of the file No.77-34 Serial 1-4 within).

Copies of this/office letters Nos.197/IAD dated 28-8-35 and 484/IAD dated 15-11-35 stating that a sum of Yen 707.17 is recoverable from Mr. B.Shankar in this connection, are enclosed for information and ready reference.

Mr. Sankar had to incur an expenditure of 1348 yen on account of his illness in Japan and Govt. have directed that half of this amount may be borne by the S.O.F. as a special case. Mr. Sankar prays reconsideration of orders and represents that he has no means to refund the amount as his pay now is only Rs. 1257- p.m. against Rs. 1350/- that he was drawing in Japan. He also states that he gets only Rs. 58-8-0 in his hands following several deductions. His request is for orders. (Vide para 6 of Headquarters note in file. No SOF 77-34 Sec. 1-4). Pol. 30.1.36)

11 The case deserves the sympathetic consideration Govt. The officer could not meet such unusual charges from his normal pay Rs 350 or 125 Tk. which gave him $\frac{225 \times 80}{100}$ yen or only 180 yen in Japan. As a representative of the Govt he had to maintain some status, high as a small pay. The hospital charges were unusually heavy and probably he would rather have entered hospitals because he came under Govt.

Through
The Director of Sandalwood Oil Factory in
Mysore, Bangalore.

S i r,

Most respectfully I beg to submit this memoria in respect of the medical expenses of my illness in Tokyo in October and November of last year, for your gracious consideration.

In January 1935, I submitted my representation to Director of Sandalwood Oil Factory, requesting that Government may kindly be approached to meet the full medical expensea. I was informed in Tokyo by the Director that the Government sanctioned half the medical expenses. I appealed to the Director to recommend for reconsideration of my case in view of the circumstances explained in my appeals. Copies of these are herewith respectfully submitted for ready reference. On my return to Bangalore, I was informed that my appeal was not favourably considered.

Q-V' Sec. 77-34 (1-8).

I beg to submit that from my present salary of Rs.125/- per month, I get only Rs 58/8 to my hands, following several deductions. Half the medical expenses ordered to be refunded amount to Yen 707.17. I have a large family consisting of 7 to 8 members, and the small amount of Rs 58/8 is hardly adequate to maintain my family. I beg to respectfully submit for favour of reconsideration that considering I have no means to refund the amount, favourable orders may kindly be passed.

I beg to remain,

Copy of letter dated 18th June, 1935, from B. Shanker, Tokyo, to the Director, Sandalwood Oil Factory, Bangalore.

Enclosure 5
GSF 77-34-9.

I beg to acknowledge receipt of copy of Government Order No.D.7022-3/S.O.F. 77-34-4 dated 18th April, 1935, sanctioning a sum of Yen 790 towards the expenses of my illness.

I beg to state in this connection, that the total amount paid by me against bills received for Hospital expenses and Medical advice amount to Yen 1341.17, as per details noted below:

1st November	1934	Bill of	Seibo Hospital	Yen 111.67
9th "	"	"	Dr. Jacobi	" 95.00
9th "	"	"	St. Lukes Hospital	" 91.00
15th "	"	"	-do-	" 182.00
22nd January	1935	"	-do-	" 439.00
5th April	"	"	-do-	" 431.50
				" 1341.17

I do not know, in the absence of details, how the sum of Yen 1580 stated in the Government Order has been arrived at.

While thanking you very sincerely for the kind and sympathetic attitude, I further beg to submit humbly and respectfully, that I sought the complete protection of Government, when I was laid up so dangerously in a foreign country, almost under exceptional circumstances. I have been living all alone, leaving my family behind in India, obliged as I was by the short term extensions of my deputations.

Even when Mr. S.G. Sastry was here I had not recovered enough, as the pain in my ankles had not completely disappeared, and my heart which became very weak during my illness, had not regained its normal strength. Despite these facts, I continued to attend to my work and maintained without seeking outside help. In this connection, I beg to explain with your permission, that I was discharged from the hospital on the 15th December 1934, with strict advice from the Doctor, that I should not strain myself in any way. I was then conducting very important negotiations, and duty demanded my visit to Osaka, and unhesitatingly, I left for the place on the 9th January 1935 ignoring the consequences. This strained my heart so much, that I was obliged to re-enter the hospital and stay there as an inpatient for 5 days. I submit the hospital bill in original for your information. This expenditure, as also the expenditure for weekly consultations since December 1934, which amounted to over Yen 200, have been met by me. I have not approached Government for this expenditure. I am stating these bare facts, to plead before you, that the extent of protection has been sought only after I am convinced that that is not unreasonable.

I may be permitted to state once again, that it is usual in Diplomatic and Trade Services, to seek the protection of governments, even under ordinary circumstances, and such protection was invariably granted and sometimes as a matter of course. I assure you in all earnestness, that had my salary been such as to warrant my shouldering this expenditure, I would not have sought this aid. In simple words I humbly say that I have no money to pay. I crave this complete protection of Government as a faithful servant doing the duty of Government in a foreign land, and also as a humble citizen of Mysore. I pray that Government may kindly

be moved once again to reconsider the matter, in the light of my above appeal; and sanction the full expenditure of my illness.

Copy of letter dated 11th December, 1934, from B. Shanker, Tokyo, to the Trade Commissioner for Mysore in London, (copy of which forwarded to the Director, Sandal Oil Factory).

Enclosure Gov 77-34-1

Re: Mr. Shankar's illness.

I beg to express my gratitude for the instructions you sent to Messrs. Mitsui to render me all the assistance necessary to my illness. The Facts of this illness I shall explain.

After my return from last tour in the Kwansai I have been oppressed by some sort of uneasy sensation in the body and pain in the back after dark. I also developed a sore throat and on the 15th October I felt feverish. It was not so bad as to warrant an absence from office but on the night of 17th October I got very high fever and the symptoms to all appearances to me were those of influenza. I took aspirin and next day I felt better and took a day off. The same night I got fever again and on the 19th October I made up my mind to consult a doctor as I was then scared of the epidemics rumored all over. I came to office as usual and attended to all engagements and the duties of the day. I then consulted a popular German doctor in the afternoon, who examined me thoroughly and expressed that it was a case of influenza and advised that I should enter a hospital and opined that I need stay hardly a week. Before I left I informed Mitsui all about the case and that I expected to be back in the office in less than a week and be fit again to proceed with them to osaka on the 29th. The doctor took me to the International Catholic Hospital or the Seibo Byoin as it is called, which is considered good and cheap. I was in this hospital for nearly ten days under the treatment of this German doctor. I became worse and worse lost my appetite completely and developed acute pain in the ankle and knee joints. My temperature increased and used to be between 38.5 - 39.5 and my pulse was very high too. On the night of the 8th day at about 11 p.m- I felt a sensation, a sort of violent flutter in the heart like that of a leaf for about 30 seconds. I had no idea of the real trouble. On the afternoon of the following day (Saturday) the doctor expressed that I had a long stay in the hospital and that I could go home to Kamakura and stay in bed if I liked. I took it as a hint. Next morning I requested Miss Gerdts to ring up the St. Luke's International Hospital and reserve a bed for me. Despite the day being sunday thanks to Miss Gerdts she succeeded to make satisfactory arrangements with the hospital authorities for the ambulance, etc. I was removed at 2 p.m. My condition was then worse than ever before, throbbing pulse with hardly enough strength to move from side toside and excruciating pain in the knee and ankle joints. Dr. Ikeda took charge of me at St Luke's Hospital and examined me thoroughly and said:- "I will do my best". A chill ran through my body when I heard him say so. On the following morning I requested Miss Gerdts to inform Mr. Fujisawa that I have removed myself to St. Luke's Hospital. Whatever difference of opinion there might have been between Mr. Fujisawa and myself on Sandalwood Oil business he has been my personal friend. We used to go to seasonal resorts during week ends, (expenses divided fifty-fifty). He came to me on the 30th evening and was shocked to see me in such a weak condition. Between 29th evening and 30th evening I was subjected to different kinds of examinations by a number of doctors, blood tests for bacterias, X-ray, etc. On the morning of the 31st Dr. Ikeda expressed that he would consult Prof. Dr. Innada. (Long after I was out of danger Mr. Fujisawa told me that on the 30th evening

he had a talk with Dr. Ikeda and when he understood from him that my case was very critical he requested him to get Prof. Dr. Inada to treat me.) Same evening Dr. Inada examined me. Since that time till about the 26th I was not informed of anything. Mr. Fujisawa told me later that my complaint was "Acute Articular Rheumatism, Enlargement of the heart due to inflammation of the lining surrounding it," and for nearly a week or more my condition was never out of danger. One of the attending doctors said a week ago:- "You had a miraculous recovery." I remember on the 2nd November despite the censorship on visitors Mr. Fujisawa came to me in a despondent condition and said:- "We have given you the best medical assistance available in Japan. We cannot think of any doctor in Japan better than Dr. Inada. Secondly we assure you in all earnestness that we would do our utmost to arrive at a satisfactory understanding with the Syndicate so as to assure progressive sales of Sandalwood Oil and will guard the interest of your Government as well as you do. Have you any wish that we could communicate to India."

After I was declared out of danger I had calls from many friends. Mr. Davies of the British Consulate, made frequent visits to me. I made steady progress but my heart became the centre of attention of the doctors, for it was functioning very irregularly. It did not gain its normal size till lately. When I insisted on being discharged Dr. Inada examined me last week and stated that the discharge is too risky. Today I am glad to say that the doctor told me that it is functioning properly and is nearly its normal size. I will be examined by Dr. Inada again and may be discharged day after tomorrow.

As I am making steady progress I am more and more concerned about the expenses connected with this illness. I often feel that I have journeyed from the frying pan into the fire. I should never have felt that way had the allowances at this end been such as to enable me to save something every month to meet unforeseen expenses. On the contrary I managed not without difficulty to make both ends meet. I beg and assure you that I express this not as any sort of complaint. My anxiety is not to run into debts during my stay in Japan.

In this connection I beg to state that in business concerns whenever representatives are sent abroad the firms usually meet the medical expenses of such representatives. In some cases medical assistance is rendered free to the staff even in Bangalore (Maharaja Mills in Bangalore.) In some cases the firms bear the medical expenses only in cases of serious illness.

I am also informed that even in the diplomatic service every Government bears the medical expenses of their respective diplomatic staff. Just this evening I had a call from Mr. Davies, the British Consul in Tokyo. I took the opportunity to ask him about his own case about three months ago when he was seriously ill for over four months. He said that medical assistance is free to them. They had a medical advisor who was paid £ 375/- per annum. But since recently his services have been dispensed with and instead the medical bills of the staff are paid by his Government. Such bills during his last illness have been paid by Government. He said:- "In your case your Government ought to meet the expenses of your present illness. If I were you I would unhesitatingly appeal to Government and seek assistance from them." He went so far as to say that once when he was Home (London) on leave he had an operation by one of the Harley Street Doctors. He was then a junior officer. The bill came to £ 125. He could not pay. He appealed to his Government. Despite the fact that he was on extension of leave granted to him, Government heard his appeal and paid him £ 45/-. He said:- "You are not stationed here permanently and you are paid just enough to meet your needs and in a serious illness like this

this if I were you I would appeal."

In the above I have quoted as far as possible Mr. Davies' own words.

I have been almost in exceptionally good health till the end of September, Not even a headache or cold had I. After my visit to Osaka I must have fallen victim to the foul atmosphere then surrounding that city. I maintained my regular habits and a clear and straight forward life. When I was an inpatient I read in the papers that epidemics and other types of serious illness have spread over the cities of Osaka, Kyoto, Nagoya and Tokyo after the recent typhoon and tidal wave and the statistics show an alarming increase in the death rate. The health of Tokyo was very bad.

In the circumstances explained above I beg to appeal that Government may kindly be approached to meet the expenses of my present illness. I shall submit to you in due course the bills received from the hospitals.

Before concluding I beg to express once again my very sincere thanks for the kindness you had extended to me.

Letter No.197/IAD dated 28-8-35 from the Comptroller to the Government of Mysore, Bangalore, to the Director, Sandalwood Oil Factory, Bangalore.

With reference to your letter No.429/1 dated 6/7th August 1935 regarding the expenditure incurred by Mr. Bhavani Shankar on account of his illness in Japan, I have the honor to state that there are certain discrepancies in the bills sent by him. In the copy of the bill dated 22-12-34 received by Mr. Shankar from St. Luke's Hospital, and sent to this office with your letter No.4450/6 29-6-35, the balance is incorrectly shown as Yen 855.35 instead of Yen 825.15. But in the bill of the same Hospital enclosed with his accounts for April 35, the balance relating to account rendered is shown to be Yen 858.35 and a further sum of Yen.3.15 is added on account of medicine in December 34, making a total of Yen.861.50 Against this (incorrect) balance Mr. B.Shankar has paid Yen. 430.0 in January 1935 and Yen 431.50 in April 35. The excess amount thus paid by him is Yen.33.20 (861.50-828.30) and it is inadmissible in audit.

Taking the total amount to be Yen 1341.17 according to Mr.Shankar's letter dated 18-6-35 which is supported by vouchers and deducting therefrom the excess payment of Yen.33.20 referred to above, and adding thereto the sum of Yen.40.00 incurred on Taxi and Messenger charges referred to in para 5 of the Audit Report of the Sandalwood Oil Factory for the quarters ended September and December 34, the actual payment works out to Yen.1347.97 moiety of this viz., Yen 674.00 is to be debited to Sandalwood Oil Factory accounts according to the Govt Order No.D.7022-3/S.O.F. 77-34-4 dated 18-4-35 and so the amount recoverable from Mr. B. Shanker is Yen 707.17

Letter No.484/IAD dated 15-11-35 from the Comptroller in Mysore Bangalore, to the Director of S.O.F. Bangalore.

With reference to correspondence ending with your letter No. 1324 dated 6/7th Nov.1935), I have the honor to state that certain discrepancies were pointed out in this office letter No.197/IAD dated 28-8-35 which are neither explained nor accepted in your above letter. Yens 1381.17 may be the exact amount paid, but it includes an overpayment of Y.33.20 which cannot be admitted in audit. Hence this sum may kindly be arranged for to be recovered from Mr. B. Shankar along with the moiety recoverable under G.O. dated 18-4-35, the total amount thus to be recovered being Y.707.17
